

## Product Recommendations

Please note these are recommendations and not meant to go above the installer recommendations. Installers should be professionals in their field and looked to for their knowledge on each project.

\*Any Manufacturer instructions should be followed. Savannah Stone Source takes no responsibility for any installation practices or products used with the installation.

### Polymeric Sand for Porcelain Pavers – Sandstone- Limestone Pavers

[Azpect Easy Grout](#) – Porcelain Pavers, Stone

[Gator Tile Sand](#) – Porcelain Pavers – Gator Nitro Joint Sand used with the Gator Tile system

[Riccobene Eco Grout](#) – Porcelain, Pavers, Stone, Cobbles

[Techniseal](#) – Sands and Spacers – HP NextGel Jointing Sand

[SRW Products](#) – Pavers, Stone

[Gator Tile System](#) with spacers

[Porcelain Paver Spacers](#) can be found on Amazon, Lowes, Home Depot, Landscape/Hardscape suppliers – Recommended for sand set applications.

### Mortars, Thin Sets, Grouts

Ask you Dealer or Distributor for the best adhesive to use for your unique project. Here are some brands we like.

[Mapei](#) – Ultraflex LFT Rapid

[Laticrete](#) – Latapoxy Adhesives

### Cleaners and Sealers

[Prosoco](#)

[SRW](#)

[Laticrete](#) – StoneTech

[Rust-oleum](#) – Miracle Sealants

[Fila Products](#)

\*These are all good choices, and each individual sealing need is unique. Porcelain pavers do not need to be sealed. If Sealing Sandstone and Limestone please read all instructions and use a professional if needed. Only Sealers for Natural Stone pavers should be used. Savannah Surfaces accepts no responsibility for Sealers used or product recommendations, consult your local Dealer for best practices, and always follow all instructions and a test area first.
